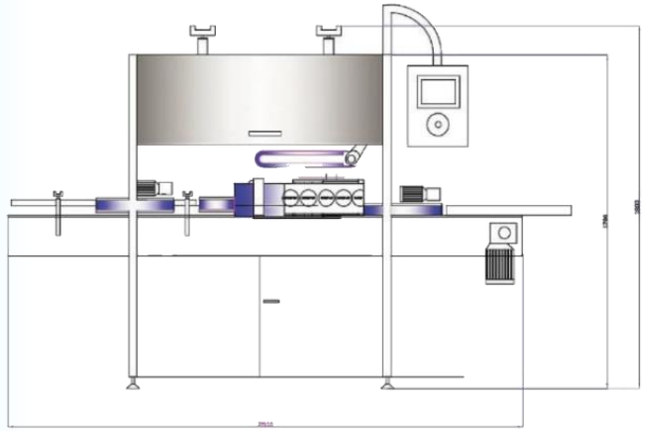
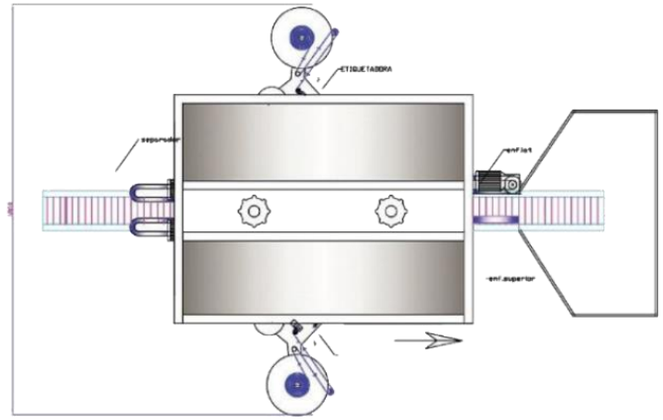
MCP 350T

The MCP-350T is a high-precision labelling system prepared for high-speed labelling. It features two labelling heads with variable speeds of up to 50 metres per minute. It has a double touch control system (256 colours) housed on each side of the machine to facilitate adjustments. The labelling heads have a stepper motor, a head movement table and tilting by means of a handwheel. In addition, we installed a protective enclosure made of stainless steel with polycarbonate doors that includes an alarm system for improper opening..





CHARACTERISTICS

Production speed: Maximum 15.000 containers/hour.

Dispensing speed: Maximum 50 meters per minute.

Label length: 12 mm-indeterminate.

Label Width: From 10 mm, up to 120-205 mm depending on the model.

Label outer diameter: 400 mm with motorized unwinder.

Label Inner diameter: Standard measurements.

Motorization: Stepper motor.

Product size: Ø 20mm – Ø 100mm. standard, ask for different sizes.

Power supply: 230 V, 50 – 60 Hz.

Compressed air: 6 Bar according to options.

OPTIONAL:

- Ink jet coder or thermal transfer coder for marking batches, expiration dates, etc.
